

AUBURN RIDGE CONDOMINIUMS
OWNER & GENERAL CONTRACTOR

WILLIAM HOHNSTEIN

Bill Hohnstein was born and raised in Milwaukee, Wisconsin. He and his wife, Marcia, have been married for 46 years and have lived in the Lake Country area for over 35 years. Bill started a drywall business in 1977 just to earn a living and support his family and due to a lot of hard work and a reputation for getting the job done and doing it with high standards, it is a successful business today. Applewood Drywall Service, Inc. is well known in the construction industry for its quality work and satisfied customers. For over three decades we have been the drywall and plastering contractor of choice for some of the best builders in Milwaukee, Waukesha, Ozaukee & Washington counties. We are a family business with a successful second generation management and third generation working and learning the trade. Applewood Drywall is very diversified and offers drywall, plastering, steel stud, exterior EIFS as well as a variety of specialty drywall and plaster finishes.

In addition to being President of Applewood Drywall, over the years Bill has taken on many other construction projects. Since 1990, Bill has built several large commercial office-warehouse multi-tenant properties ranging in size from 26,000 to 52,000 square feet and has successfully completed the buildouts for each of the tenants as well as managing the properties.

Over the last 30 years Bill has also been the builder of several large, high end residential homes both for personal use and for sale. Having been the drywall contractor on hundreds of luxury homes in the area for all these years has given him the knowledge and the practical experience to know what kind of standards are expected in this area. He also has the added benefit of knowing and having worked with many local suppliers and contractors in other trades to provide the quality that goes into the condos that he is building here at Auburn Ridge. Although he has built other condo projects that he is proud of, here at Auburn Ridge he is offering a product that fits others with the lifestyle and expectations that he and his wife were looking for in their retirement years.
